Report on International Women's Day Celebration G.I.H.S.M

Goel institute of Higher Studies of Mahavidyalay organized program for International Women's Day Celebration on 8th March 2022. The occasion was graced by Dr Neelima Deepak , a social worker and awarded with excellent work in the field of social service by Uttar Pradesh state women commission in 2006 and a book by " Akansha Samiti was published covering my social field work for community.

She begin her speech with 'Love yourself have faith and confident in yourself' and 'Every women in her own way celebrate this day'. She highlighted on the statistical percentage of women's participation in different spheres in India and emphasized on women's contribution in the overall development and empowerment.

The session was chaired by Mahesh Aggarwal who highlighted the poor scenario of participation of women in politics and also mentioned the dilemma in relation to women's efforts in bringing about change in the traditional rules and on the other hand adhering to keep the traditional rules intact.

The second resource person Dr. Kavita Das counselor said that Every women who have impacted but recognize every day , have freedom to choose , dignity in life. The team led by women stressed on the belief that women can work equal to men without being under any influential banner and emphasized on the sacrifice made by women in leadership position.

The next special guest was RJ Rashi she motivated her speech and filled with enthusiasm, women can be equally a part of any decision making in the presence of the male counterparts and that the best decision is taken into account and agreed by all irrespective of the gender who placed the opinion during the decision making. . She was of the opinion that if one has the eligibility, qualifications and determination, one can stand alone.

FIRST AID TRAINING PROGRAM

- Clean the bite site with soap and water or antiseptic and wipe before administering any other snake bite first aid.
- Wrap bite area tightly with ace bandage. Start below the bite and work your way up, do **NOT** wrap too tight, restricting circulation.
- Maintain gap of two fingers while wrapping the bite area.
- Immobilize or splint, if the bite is on an extremity, to prevent movement. This helps keep the venom from spreading more quickly.
- Remember, just because you are bitten doesn't mean you are going to die. Venomous snake bites can be fatal, but often they are not. Avoid previously used snake bite kits, such as those containing razor blades and suction bulbs.
- One **MUST** remain calm until help arrives
